Standard Colours

Due to variation in raw material bulk dye, matching may vary slightly from the colours shown on the standard shade card

All specifications subject to normal manufacturing tolerances.

Cut-pile carpets, may show shading/pile reversal. This tendency is inherent in all cut pile fabrics and is not detrimental to the wear of the carpet. It cannot be considered a manufacturing defect. It should be noted and taken into consideration when selecting colours that darker shades camouflage soiling more than lighter shades. This applies particularly to contract installations.
